430 Series

Small Mushroom Button Switches

SDC's 430 heavy duty industrial series incorporates a 1½'' round mushroom button with heavy duty contacts. The assembly is capable of withstanding high impact and is ideal for heavy duty high frequency use.

432K models latch when depressed and must be reset with the built-in-key. Applications include alarm, panic alarm and emergency door release where systems are restored by authorized personnel only.

432KLDUR

MODELS

431 Alternate Action (AA) On/Off, SPST

432 Momentary (MO), SPST

432K Momentary (MO) Latching with Key Reset, DPST

434 Momentary (MO), DPST

435 Alternate Action (AA) On/Off, DPST
